

Angie Spears

I am an ambitious, self-motivated and solutions-driven individual. I recognize needs, perfect the details and use strategic thinking to achieve goals.

Development Experience

General Assembly

Full Stack Developer Immersive Student

Oct. 2017 - Present

Developing fluency in a full-stack web development immersive program focused on core languages and best practices in object-oriented programming, MVC frameworks, data modeling, and test-driven development.

Projects

Trivia : Used HTML, CSS and Javascript to create a Trivia game for the U.S. State Capitals. See app → <https://amspears.github.io/Trivia>

Other Experience

Youth For Tomorrow Case Manager

Aug. 2016- Sep. 2017

Managed the approval process of over 50 immigrant children to safely reunite them with their relatives in the United States. Also, used keen attention to detail when performing administrative task such as intake paperwork and applications, and problem solving skills to address challenges that arise during the approval process.

Consumer Technology Association Membership Intern

May 2016 - Aug. 2016

Worked closely with the team of membership coordinators to recruit new companies for the association and managed current relationships. Provided support with webinars, meetings, brand guidelines, and startup outreach.

Youth For Tomorrow Office Manager

Mar. 2014- Feb. 2015

Managed a client portfolio of over 1,000 people. During my tenure I added over 300 new clients. My daily tasks included interfacing with clients for the organization, using CRM software, and scheduling appointments for psychiatrists. I also came up with strategies to help the client intake and maintenance processes run smoother.
